Sir:

RESPONSE "C"

The present amendment responds to the Final Office Action mailed March 3, 2006 and is being filed within two months in order for an advisory action to be issued. Claims 1-10 and 12-20 are currently pending in the present application. Applicants are filing terminal disclaimers to overcome the judicially created doctrine of obviousness-type double patenting. Applicants believe that this Final Office Action Response has added no new matter. Applicants ask that the Examiner reconsider the identified patent application in view of the following terminal disclaimers and remarks.
